DETAILED ACTION

1. Receipt is acknowledged of the response filed on 27 June 2007, which has been entered in the file.

Allowable Subject Matter

2. Claims 1-7 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Although, the best prior art of records to Rodgers et al. (US 6,362,737) and Eberhardt et al. (US 6,107,920) discloses a carrier having a two antenna coils extending two surfaces. However, Rodgers et al. and Eberhardt et al. taken alone or in combination with other references fail to particularly teach that the radio communication coil is a continuous conductive wiring pattern bent to extend over two surface of different direction of the accessed object and comprising a particular structure having a large and small module side antenna wherein the small module side antenna located close to a first side edge of the printed circuit board that can be accessed by the first and third side antenna wherein the IC chip is inside of the radio communication antenna coil in order to reduce noise and an error.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
